GRUNDENS USA ANNOUNCES GAGE STORM SURGE 2.5 LAYER RAIN WEAR

Weather Any Storm in Comfort With This Waterproof, Breathable Apparel

Grundens USA, known world wide for protecting Bering Sea crabbers, commercial fishermen and professional mariners in the harshest conditions on Earth, has unveiled the latest addition to its growing Gage Technical Gear Line — new Storm Surge 2.5 Layer Rain Wear.

As its name implies, Storm Surge apparel is designed to keep wearers dry and comfortable through Mother Nature's worst temper tantrums — driving rainstorms, wind-driven sea spray or backcountry downpours. With features like heavy-duty 10,000mm waterproof nylon construction, fully taped seams, and double exterior storm flaps, Storm Surge rain wear is built for maximum protection. At the same time, these garments are engineered for superior 5,000mvp breathability, keeping wearers cool and comfortable during the most strenuous outdoor activities.

New Storm Surge 2.5 Layer jackets feature two hand-warmer pockets and the Gage Halo Hood System, protecting the wearer's head and face while providing excellent peripheral vision and freedom of movement. Jackets come in a wide range of sizes from XS to 5XL and are offered in attractive Coffee Brown, Red and Black.

Storm Surge 2.5 Layer Pants boast quality details like waterproof, breathable construction, an adjustable elastic waist belt, two large front zipper storage pockets, leg zippers for easy entry/exit and Velcro cinch ankle adjustments that seal out the elements. The pants, which come in Black, are also available in XS to 5XL, accommodating youth, men and women of all shapes and sizes.

Grundens' attention to quality and detail can be seen in the unique North Pacific Weather Fax Print featured on the interior lining of both the pants and jacket, providing a distinctive appearance to go along with an additional layer of warmth and protection.

New Gage Storm Surge Jackets carry a manufacturer's suggested retail price of \$107 (\$129 for sizes 3XL-5XL), while Storm Surge Pants retail for \$97 (\$111 for 3XL-5XL). Purchasing this new Gage rain wear is an investment in foul-weather protection that will perform season after season, backed by Grundens' high standards and professional-grade reputation.

To learn more about new Gage Storm Surge 2.5 Layer Rainwear — or the full line of new Gage Technical Gear apparel and accessories for avid outdoorsmen — contact Grundens USA toll-free at 800.323.7327 or visit www.Grundens.com.
